## HEAVEN ON THE BEACH

Enjoy a spectacular 180-degree ocean view from the great room of this luxurious vacation home. Glorious sunrises, amazing sunsets and a beautiful landscape nestled between the sound and the sea await. Multi-level decks, a fireplace and eight-person hot tub add to the allure. Plus, a private walkway with dune deck puts you steps away from Corolla's soft sandy beach where you can enjoy a quiet renewal walk on the nearly empty two-mile beach. What else can you do here? Have you ever driven down the beach in an open-air safari vehicle next to wild Spanish Mustangs playing in the surf? Or soared high above the ocean on a parasail? Like golf? There are five courses within 35 minutes and the nationally recognized Rees Jones Currituck Club is only 5 minutes away. Reduced greens fees at the Kilmarlic Golf Club are also part of the deal. Kitty Hawk is nearby with the Wright Brothers National Historic Site and museum, as well as one of the largest and highest "moving" sand dunes in the US (Jockey Hollow) from which you can hang glide.

Other activities, such as fishing trips and sports lessons, are just a couple of many possibilities
